

GREEN MOUNTAIN POWER CORPORATION
CABLE TELEVISION RATE SCHEDULE

COMPANY DESIGNATION: 15

AVAILABLE:

Throughout the Company's service territory.

APPLICABLE:

Service under this rate is available for all companies, partnerships or individuals furnishing cable television service over coaxial cables attached to poles by one or more public utilities.

RATE:

\$0.17701 per kWh for all electricity used.

A meter will be installed for each type of amplifier or combination of amplifiers used by the Customer and all similar installations will be billed for the same number of kilowatt-hours.

Amplifiers will be connected to electric supply 24 hours per day except for necessary repairs and checking.

ALTERNATIVE REGULATION PLAN:

This rate schedule is subject to the Company's Alternative Regulation Plan Rider ("ARP Rider"), which includes an annual Power Adjustor, an annual Exogenous Change Adjustment and an annual Earnings Sharing Adjustor.

MINIMUM CHARGE:

\$0.644 per day.

EFFECTIVE: On Bills Rendered on or after January 1, 2019
